1. DESCRIPTION DETAILS

1.1. DESCRIPTION

Treasury Notes are a short-term discount security denominated in Australian dollars and redeemable at face value on maturity.

1.2. ISSUER

The issuer is the Commonwealth of Australia (“the Commonwealth”).

1.3. AUTHORITY TO ISSUE

Section 4 of the *Commonwealth Inscribed Stock Act 1911* provides for the creation of Treasury Notes for the raising of money by way of loan. In accordance with section 6 of the *Commonwealth Inscribed Stock Act 1911* principal money secured by any stock and interest (if any) shall be a charge on and payable out of the Consolidated Revenue Fund of the Commonwealth. Treasury Notes are also issued in accordance with section 3A of the *Commonwealth Inscribed Stock Act 1911* and other Acts containing specific borrowing authority or the Financial Agreement between the Commonwealth and the Australian States.

Treasury Notes are issued in such amounts, in such a manner and upon such terms and conditions as the Treasurer of the Commonwealth of Australia directs. The Treasurer has authorised officers of the Australian Office of Financial Management (“AOFM”) to exercise this power on his behalf.

Treasury Notes will be issued with the terms and conditions set out in this Information Memorandum. Subject to these terms and conditions, Treasury Notes may be issued from time to time by invitation to tender, by official subscription, by conversion of an official investment, or by any other method deemed appropriate.

1.4. AUSTRALIAN OFFICE OF FINANCIAL MANAGEMENT

The AOFM is the Australian Government agency responsible for the management and administration of Treasury Notes.

1.5. REGISTRY

The registry is the Commonwealth Government Inscribed Stock Registry operated by the Reserve Bank of Australia (“RBA”).

1.6. CHANGES IN AGENT

The Commonwealth reserves the right to appoint another person as its registrar or paying agent or for the AOFM to perform those functions. In such circumstances, noteholders will be advised at the relevant time.

2. FEES AND TAXATION

2.1. FEES

Face value repayments will be made free of any fees, charges, deductions or levy, except to the extent required by law.

2.2. STAMP DUTY

Issues and transfers of Treasury Notes will be free of stamp duty imposed by the Commonwealth and the Australian States and Territories.

2.3. TAXATION

Taxation may affect returns to investors.

Neither the issuer nor the Registrar is able to provide taxation advice to current or potential noteholders. The information contained in this section is of a general nature only and is not to be treated as binding on the Australian Taxation Office. Tax outcomes for noteholders may differ depending on their particular circumstances.

The increase in the value of Treasury Notes between the date on which the Treasury Notes are purchased or otherwise acquired by a person (whether as the original noteholder or not) and the date on which the Treasury Notes are disposed of or redeemed will be assessable income for the purposes of the *Income Tax Assessment Act 1936* and will be liable to income tax under the laws of the Commonwealth.

Because the excess realised by a non-resident noteholder from the sale or redemption of Treasury Notes is included in assessable income, the excess is not interest for withholding tax purposes. Interest withholding tax is therefore not levied on non-resident noteholders. For further information see [Taxation Ruling No. IT 2054](#).

For more information regarding taxation matters, please contact the Australian Taxation Office or a tax adviser.

3. TENDER BIDDING PROCEDURE

The following is a summary of the key details of bidding procedures. For further information on bidding procedures, bidders should consult the AOFM Tender System Conditions of Operation at www.aofm.gov.au.

3.3. TENDER BASIS AND BID FORMAT

Bids for Treasury Notes must be submitted in accordance with the AOFM Tender System Conditions of Operation.

Bids for Treasury Notes will be received on a competitive tender basis.

Yields must be submitted on the basis of yield to maturity (% per annum). The yield bid may be expressed to a maximum of two decimal places (e.g. 10%, 10.0% or 10.00%). Any additional decimal places will not be accepted.

3.4. SIZE OF BIDS

Each bid for Treasury Notes must be for a minimum parcel of \$1,000,000 face value and in multiples of \$1,000,000 thereafter.

3.5. COMMISSION

No commission will be paid on Treasury Notes sold by tender.

3.6. BID SUBMISSION AND MODIFICATION

Bids for Treasury Notes may be submitted by either:

- transmitting and committing a bid via the AOFM Tender System;

- any other method specified in the AOFM Tender System Conditions of Operation.

Bids submitted via the AOFM Tender System are subject to the conditions outlined in the AOFM Tender System Conditions of Operation.

A bid which has been committed within the AOFM Tender System cannot be altered or revoked after the time announced for closure of the tender has elapsed according to the clock in the AOFM Tender System.

A bid cannot be committed within the AOFM Tender System after the time announced for closure of the tender has elapsed according to the clock in the AOFM Tender System.

3.7. TENDER CANCELLATION OR POSTPONEMENT

The Commonwealth reserves the right to cancel or postpone the timing of a tender by reason of any circumstance including a circumstance beyond the control of the AOFM and, without limitation, partial or total failure, malfunction or overload of the AOFM Tender System, industrial action or other emergency.

3.8. UNDERISSUANCE

The Commonwealth reserves the right to accept bids for the full amount of an invitation to tender or any part thereof and to reject any bid or part thereof on any grounds whatsoever, notwithstanding that the full amount of Treasury Notes in an invitation to tender has not been taken up.

3.9. ALLOTMENT OF TENDER STOCK

Acceptance of bids will be made in ascending order of yield bid, that is, from the lowest yield bid to the highest yield accepted. Allotments will be made at the yields bid.

At the highest yield accepted, the amount of Treasury Notes allotted to each bidder will, in the first instance, be calculated proportionately to the amount of bids at that yield and rounded down to the nearest \$1,000,000 (face value). If following this the total amount allotted is lower than the total amount offered, bids at the highest accepted yield will be rounded up to the nearest \$1,000,000 (face value), firstly in order of the amount by which they were initially rounded down (largest amount first) and then in the time order in which they were committed in the AOFM Tender System (earliest first), until the total amount offered is reached. No bidder will be allotted an amount greater than the amount bid.

The Commonwealth reserves the right to accept any bid for the full amount of a tender or any part thereof and to reject any bid or part thereof.

Notice of acceptance or rejection of a bid or any part thereof will be made available to each bidder as soon as possible after allotment.

4. SETTLEMENT, REGISTRATION AND TRANSFER

4.1. SETTLEMENT PRICE

The settlement price per \$100 face value shall be calculated on the basis of the following formula:

$$\text{SETTLEMENT PRICE PER } \$100 \text{ FACE VALUE} = \frac{3650000}{ni + 36500}$$

Where:

n = days to maturity; and

i = the yield bid (for example, where Treasury Notes are to be allotted at a yield of 5.72% per annum, $i = 5.72$).

The settlement amount will be rounded to the nearest cent (0.50 cent being rounded up).

4.2. SETTLEMENT

Unless otherwise specified in the official announcement of a tender, settlement in the Austraclear System before the End of Day, as defined in the Austraclear System Regulations, is to take place on the next Business Day following the tender.

Failure to make due payment of any amount payable in respect of any allotment pursuant to a bid will render the allotment liable to cancellation.

4.3. FORM OF NOTES

Treasury Notes will be issued as stock only, in accordance with the *Commonwealth Inscribed Stock Act 1911* and shall be lodged, with a minimum face value of \$1,000,000 and in multiples of \$1,000,000 thereafter, in the Austraclear System in the name of the applicant in accordance with the Austraclear System Regulations.

Subsequent to the issue of Treasury Notes at tender, Treasury Notes may be transferred to other persons in parcels that are a multiple of \$5,000 face value.

The issue of Treasury Notes will be effected and evidenced by particulars of the Treasury Notes being entered into the Register by the Registrar.

4.4. REGISTRATION OF NOTES

Treasury Notes may be held by individual persons, or two or more persons as joint tenants with right of survivorship. Organisations or trusts which are not incorporated should complete their application in the full name(s) of the trustee(s). No notice of any trust in respect of any Treasury Notes will be entered in the Register or receivable by the Registrar. Each noteholder is to be regarded as the absolute beneficial owner of the Treasury Notes registered in its name and the Commonwealth and the Registrar shall not be affected by any trust or other equity affecting any Treasury Note, whether or not it is aware of the same.

If two or more persons apply to be registered as noteholders as tenants in common, the Registrar may, after receiving an application from either person and notifying the other person(s) of its intention to do so, divide the Treasury Notes into the share for which each person is expressed to be entitled and register each person as the holder of the Treasury Notes representing the person's share. If the Treasury Notes cannot be divided into shares where the face value amount is a multiple of \$5,000 the Registrar may refuse to accept the application.

4.5. STATEMENT OF HOLDINGS

A notice will be issued by the Registrar to the transferor following the registration of a transfer of Treasury Notes.

4.8. TRANSFER OF NOTES

A noteholder may effect the transfer of Treasury Notes through the Austraclear System in accordance with the Austraclear System Regulations or by lodgement of a completed Transfer and Acceptance Form at the Commonwealth Government Inscribed Stock Registry.

On production to the Registrar of a duly executed Transfer and Acceptance Form and any such other evidence as the Registrar may require to prove the authority of the persons signing the same to sign on behalf of the transferor, the Registrar will enter in the Register the name of the transferee as the registered holder of the Treasury Notes to which the form of transfer relates.

When the right to any Treasury Note is acquired by any person in any manner other than by a form of transfer, the Registrar, on application by

or on behalf of the person entitled, and on being satisfied that the person is entitled to be registered as the noteholder, will enter the person in the Register as the holder of the Treasury Notes.

Upon registration of a form of transfer or other assignment on the Register, the transferee will be recognised as entitled to the Treasury Notes.

Repayment of Treasury Notes is made from the Consolidated Revenue Fund of the Commonwealth under standing appropriations.
